

## **Workplace giving options - Fall 2013**

### **Western Region - Kansas City area**

For more than 55 years, Community Health Charities of Kansas and Missouri has been working with employers to improve the lives of those affected by a disability or chronic disease by uniting caring donors in the workplace with our nation's most trusted health charities. We raise funds on behalf of our member charities through workplace payroll deduction campaigns.

Community Health Charities of Kansas and Missouri has over a fifteen year relationship with the United Way of Greater Kansas City, valued by our board, member charities and staff. If your employer participates in either of these campaigns (Community Health Charities or United Way); please know that you may designate SIDS Resources as your charity of choice.

Community Health Charities also operates in other areas of the state of Missouri, so please call the SIDS Resources office for more information.

### **Eastern Region - St. Louis area**

In St. Louis, SIDS Resources is a proud member of the United Way of Greater St. Louis. When you support the United Way, you are supporting SIDS Resources because of the thorough and fair allocations process. This process includes informed volunteers who make strategic decisions based on need, program results, and dollars available. Please support the United Way. If you do not have an active campaign in your workplace and want to know more about beginning a campaign, please contact Lori at [lbehrens@sidsresources.org](mailto:lbehrens@sidsresources.org).

### **Other campaigns**

Combined Federal Campaign - you may designate SIDS Resources as your charity of choice. - #36132

MO State Employees - you may designate SIDS Resources as your charity of choice. - #8250

Please contact Lori for more information or if you have questions about workplace giving! Thank you~
